OUR STORY

Bruce Wilson Architects is the result of more than two decades of experience developing high-value architecture, founded by our principal to put people and quality first.

OUR PURPOSE

PUTTING PEOPLE AT THE CENTRE OF ALL WE DO.

For our clients, we provide an unwavering focus on design quality and clear, constant communication throughout projects.

OUR DESIGN PROMISE.

- ▶ We deliver architectural value far beyond the sum of a project's parts.
- ▶ We maximise the architectural potential of every project.
- ▶ We look for strategic opportunities to exceed design expectations.

OUR COMMUNICATION PROMISE.

- ▶ We communicate clearly and frequently.
- ▶ We seek to minimise the stress of the process as much as possible.
- ▶ We seek to eliminate obstacles to progress along each step of the project.

For our team, we provide opportunities for personal and professional growth, and to build a career with the team.

OUR TEAM PROMISE.

- ▶ Our culture empowers our team to deliver to their full potential.
- ▶ Our values guide and underpin our journey. These values are not just words, but action statements we live out daily.
- ▶ We optimise for the long term and allow you to do the same.

SERVICES & SECTORS

We provide a complete set of architectural services with a strong focus on design quality. We can scale these services to suit the client's needs.

We integrate well with a client's professional team or connect them with a complete set of trusted professionals. These include quantity surveyors, principal agents, land surveyors, and town planners, all engineering disciplines and all marketing-related functions.

OUR SECTOR EXPERIENCE

We are active across the full spectrum of residential design, including apartments, luxury homes, estates, student accommodation, retirement, hospitality and social housing.

We have extensive experience in the commercial and retail sectors, with several projects between 2,000m² and 15,000m² GLA.

We are well-versed in private home new-build, renovation and conversion projects.

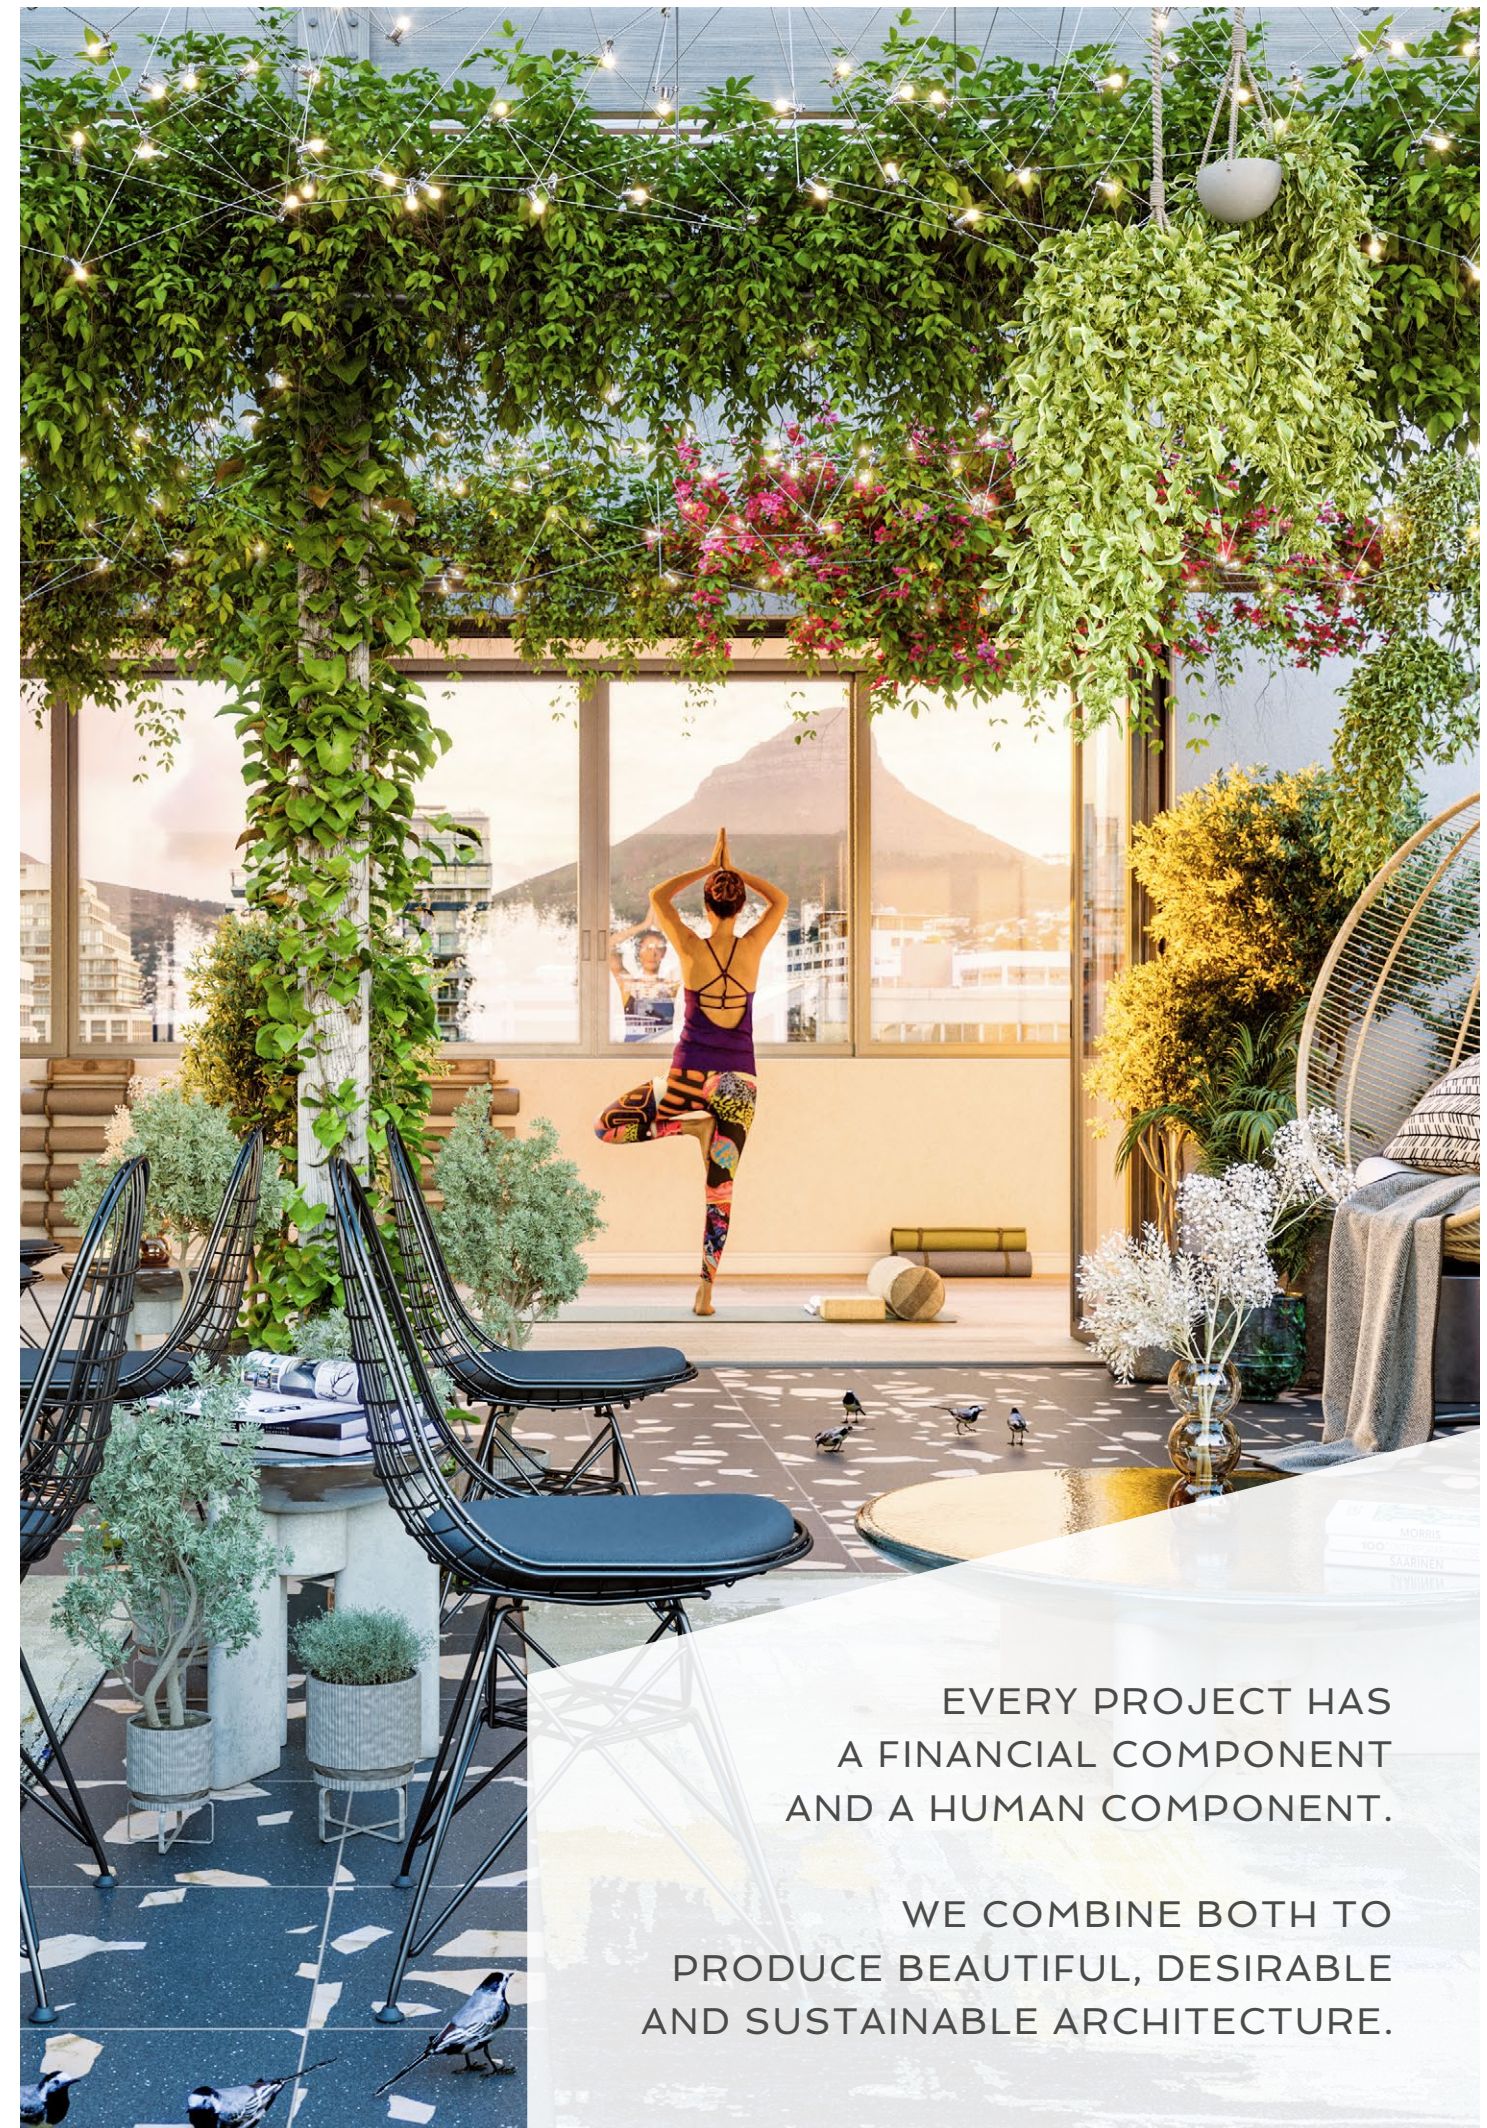

We can address heritage-related aspects of projects, including Heritage Western Cape approvals.

We have worked across all client sectors, including private, government, institutional, and offshore.

We deeply understand the Western Cape property market and submarkets, including all the complexities of building, project finance and marketing.

EVERY PROJECT HAS
A FINANCIAL COMPONENT
AND A HUMAN COMPONENT.

WE COMBINE BOTH TO
PRODUCE BEAUTIFUL, DESIRABLE
AND SUSTAINABLE ARCHITECTURE.

OUR EXPERIENCE BY THE NUMBERS

WE HAVE DESIGNED

THE RESULTS

- The last five apartment developments we designed sold out on the opening day.
- We have designed three retail stores for Pick n Pay, all exceeding trade expectations.
- The last three private homes we designed achieved valuations far higher than the client’s spend.
